

ZLS-H2

Clip Fan

User Manual

Product Parameters

Model	ZLS-H2
Battery Capacity	3.7V10000mAh-21700*2
Input Voltage/Current	Type-C: 5V2A
Working time	Fan: 8.5-30H LED: 38H Fan+LED: 6.5-13H
Charging time	About 7.5 hours
N.W.	680g
G.W.	825g
Product size	203 * 125 * 266 mm
Package size	207 * 129 * 272 mm
Standard Equipment	Fan + Manual + USB cable
LED lighting brightness	About 200 LM

MADE IN CHINA

Getting Started

1. Mounting Options

- **Clip:** Attach to surfaces up to 1.5" thick.

• Bracket/Hook:

Securely mount on walls or poles.

2. Powering the Fan

• To Turn On/Off:

Press the LED button once.

• Adjust Speed:

– Rotate the right knob clockwise to increase speed.

– Rotate counterclockwise to decrease speed.

3. Using the LED Light

- Press the LED button to toggle the light on/off.

Safety & Maintenance

- **DO NOT** expose to water or high humidity.

- **DO NOT** cover the fan during operation.

- Clean regularly with a dry cloth to prevent dust buildup.

- Store in a cool, dry place when not in use.

Charging Instructions

1. Charging Status:

- **Flashing Green:** Charging in progress.

- **Solid Green:** Fully charged.

2. Low Battery Alert:

- When battery drops below 10%, fan speed and LED brightness will reduce. Recharge promptly.

3. Charging Tips:

- Use a 5V/2A (or higher) adapter for optimal charging.

- Avoid using computer USB ports, as they may slow charging or drain the battery during use.

Troubleshooting

Issue	Solution
Fan/LED won't turn on	Recharge the battery.
Weak airflow	Clean vents or increase speed setting.
Charging indicator not working	Check cable/adapter; ensure proper connection.

Warranty

Thank you for purchasing our company's products, our product was produced under strict quality control and inspection, quality can meet international standards, it's very popular in all of the world.

Warranty period from date of purchase, warranty time 12 months.

As a result of raw material problem or the product defects and damage in the process of production we guarantee free replacement.

The following do not be warranty:

1. Teardown without authorization, such as modification of failure.
2. Using the environment caused by the fault does not conform to product requirements.
3. Natural disaster (including or, earthquake, flood).
4. Shell damage caused in the process of using products.
5. Exceed warranty time.
